Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Synchronous

Brief describe the provision in LMS to be used by HEI :-

Synchronous Interaction provisions (video/audio conferencing, live chat etc.) Several Live conferencing systems are integrated into the LMC platform through API's. Live sessions will be conducted using Google Meet, ZOOM or Microsoft Teams which are integrated with the platform. The LMS platform has been enabled with its own chat engine for a faculty/student discussion.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- <https://lms.shobhit.online/>

Assessment mechanism

Proctored examination methodology. Examination support- formative and summative Indicative terms of reference: i. Online question bank management, paper setting, valuations ii. Online student registrations and exam scheduling iii. Online generation of grades based on continuous evaluation iv. Marks and grades can be set for the questions and sections. The LMS platform supports various question types:</p> <ul style="list-style-type: none"> • Audio-video questions • Comprehension type questions • MCQ, Matching answers • Numerical and calculative questions • Subjective essay type, Short answers type, True-false <p>LMS platform has its own communication engine. Student registration and exam scheduling can be done through the LMS. Grades and marks for continuous assessments can be automatically generated by the system. Various types of questions – subjective, objective and audio-visual types can be handled by the system. Learner authentication is done in two steps. The AI engine does a face matching for the student. A manual proctor further authenticates him. In future, we have provisions to have biometric authentication too.</p>
Identified technological interface and interoperability	Web Portal and Mobile App (android and ios) are the interface for learners. The application provides user state of art features of technological interface and interoperability.
Learner's Authentication Requirements	<ul style="list-style-type: none"> • The learner will have unique login credentials on confirmation of admissions based on which they will access the learning platform and attend live sessions and also participate in the various engagement activities. • Learner authentication is done in two steps during assessments: • The AI engine does a face matching for the student • A manual proctor further authenticates him • In future, we have provisions to have biometric authentication too
Learner Registration - through a web application	https://shobhit.online/ The learners can go to the university website and can fill the application form and register. They can also upload the KYC documents and eligibility documents along with their application which would be screened and verified so as to approve or reject the student's enrolment status to the desired programme.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	<p>We have provided the following features on our platform for Learner engagement provisions - Interactive videos - Gamification - Collaborative group projects - Facility to track learner progress using our dashboards - Gamification: Supercharge learner engagement with eLearning Gamification. Use Gamification features of LMS is to engage and motivate learners, reward performance and improve communications. Using mini-games, points, badges, leadership boards and rewards will make e-Learning fun while providing learners with an engaging learning experience. - Mobile Learning – Anytime – Anywhere: Mobile learning facilitates learning at your convenience. Access learning anytime, anywhere and on any device. Full access to all the LMS features on mobile devices. Learners and educators can easily access their training from tablets, smartphones and other mobile devices. - Social Learning: LMS's social learning provides avenues for collaboration, discussion, and knowledge sharing. Learners can post their queries, learn from their peers, share experiences, and create a repository of learner's generated information that becomes extremely valuable over time. The platform incorporates enhanced formal and informal learning by implementing social learning and collaboration tools such as wikis, blogs, social networking, discussion forums, chats and more. - LIVE Sessions: Experience the power of LIVE Connect feature from LMS. Conduct multiple LIVE classes from anywhere, anytime. Connect with your distributed learners across locations – simultaneously for an engaging and interactive session. Faster turn-around time, reduced cost of training, quality control and immediate impact. Instant query solving, accurate feedback, impactful, instantaneous. - Feedback Mechanism: The LMS enables institutions to conduct periodic feedback, assisting them to connect with learners and solve their grievances timely. A robust feedback mechanism will help institutions improve their overall outcome - Advanced Analytics: Gain insight into your classes. The LMS has a powerful reporting tool that is fully integrated into the LMS. Our LMS reports dashboard allows you to track and analyse the performance of each and every learning activity. LMS report helps to analyse active engagement of learners. All reports can be downloaded as an Excel, CSV and/or PDF file. LMS helios</p>
Payment Gateway –using Digital Payment system	The university provides multiple payment options to the learner through enabling Payment gateways for digital payments towards the online fee payments. This provisioning is to benefit the students with respect to new admissions and the continuation fee payments. The students will have the option to choose the mode of payment by enabling the multiple payment gateway.
Tracking the delivery of a Course or programme	<p>Program Delivery The programme delivery is effectively done through the predefined academic Calendar and the flow of events. It is ensured through the LMS that the academic modules like SLM, A/V Lectures, and PCP Live Sessions are executed. Regular assessments are also enabled as per the exam schedule and eligibility criteria for the batch and the running semesters. Learners progression Learners can go to LMS and click on Activity completion to track his progress. The faculties can monitor the progression of learners with respect to the subject and the programme. Reports are generated on the learner attendance, activity completion, Quiz performance, success rate in term exams with respect to pass/fail in an automated system.</p>
Technical Know-how or Skills Requirements	The LMS is very much user friendly and the learners can navigate easily through the student portal and Mobile phones with basic internet connections. Also the Student Demo Videos are created and shared with all the learners while sending learners credentials by mail. The university conducts orientation before the start of the session and runs periodical "Know your LMS " training sessions to the students to bring them to complete ease towards learning and assessments.
