The Sports' Capital of India, Meerut, is a "Historian Paradise", which stands at a strategic standpoint both geographically and culturally the city has played a pivotal role in the first spark of Indian Independence. The long established Meerut Cantonment by the British East India Company in 1803 is still functional in its fundamental form. Owing to its inimitable geographical locations, the inhabitants of the city are not only privileged to experience all the four seasons but also in having some of the most rejuvenating weekend getaways and tourist destinations at their ease such as Hastinapur, Parikshitgarh, Haridwar, Rishikesh, Shukratal. It serves as a hub for trading activities, agricultural products & industry including manufacturing, smelting as well as the milling of sugar, cotton, flour, and oilseeds

Meerut is well connected via road to major cities like Delhi, Noida, Agra, Ghaziabad, Rishikesh, Haridwar etc.

The aerial distance from New Delhi to Meerut is 62 km while the road distance between New Delhi to Meerut is 70 km.

ABOUT SPIR-2020

The conference will be devoted to recent Trends in Signal Processing IoT & Robotics. Researchers from all over the country and abroad will gather in order to introduce their recent advances in the field and there by promote the exchange of new ideas, results and techniques. The conference will be a successive catalyst in promoting research work, sharing views and getting innovative ideas in this field.

The technical papers, presentations and events at this conference will be focused on contributions to nurture, cultivate, enhance and accelerate the adoption of IoT technologies and applications for the benefit of humanity.

This conference seeks to highlight recent developments in these areas, will be suitable for renowned researchers, young scientists, engineers from industries and other keen professionals (R&D, manufacturers, etc.). The scientific event will comprise of key-note talks, oral presentations, poster sessions and feature papers.

ABOUT US

The Journey to empower the nation through education, particularly rural India, has its origins from a remote village Gangoh followed by another village Dulhera in North India. Shobhit Institute of Engineering & Technology, Meerut is a AICTE Approved, NAAC Accredited research-intensive Deemed to-be university that shares the values of high-quality teaching within an environment of internationally competitive research. Shobhit Meerut has been conferred "**Edu Shine National Excellence Awards 2019 for Excellence in Enabling Research Environment**". It has also been conferred best university in India promoting Industry-Academia Interface Award 2017 & 18 by ASSOCHAM, ranked as 4th in the category of private universities with best value for money & 5th in the top private university by Times of India, July 2, 2018.

University won the award for best University in "Research and Innovation" category in 7th Higher Education Summit held on 21 January, 2019.

THEME

Specific topics of interest include, but are not limited to:

- Signal Processing
- Wireless Sensor Network
- Adhoc Networking & Network Security
- Cloud Computing and Designing , 5G & IoT
- Image and Video Processing
- Medical Image Processing
- Robotics & Embedded Systems
- Photonics & Optical Communication
- Computational Electromagnetics & RF
- Microwave & Antenna
- Sensors & Sensor Technology
- VLSI & Micro Electronics
- Pattern Recognition & Computer Vision
- Artificial Intelligence & Robotics
- Gaming Technologies
- Nano-materials & Nanotechnology
- Opinion Mining
- Material Engineering & Technology
- Emerging trends in Nano-electronics
- Micromachining and Nano-machining
- Computational Nano-technology
- Low Power and Power Aware Design
- Power Electronics & Renewable Energy,
- Electrical Machines & Control
- Computer Simulation and CAD
- Cloud Business
- Cognitive Robotics
- Neural Networks
- Large Scale Machine Learning
- Roboethics
- Computer Vision
- Robot Locomotion
